The Designated NYS EMS Program Agency Serving Chemung, Schuyler & Steuben Counties

Thank you for your interest in the Basic Life Support (BLS) Naloxone Administrative program. The goal of this program is to provide faster appropriate care to Opioid Overdose patients in our region.

Before beginning this program, agencies must:

1. Create policies and procedures as described in Policy Statement 13-10.
2. Provide Training as described in Policy 13-10 and FAQ #16. Please note that EMSTAR has a PowerPoint that may be used instead of the video.
3. Have a plan in place to comply with the QA requirements as described in the Policy Statements 13-10 and FAQ #1.
4. Turn in a Letter of Intent (including Medical Director Signature) to EMSTAR.

The Letter of Intent, copy of policy and Medical Director Verification are the only forms that must be turned in. Agencies may begin as soon as they confirm their paperwork has been received by the program agency (they do not need to wait for the next STREMAC approval).

This information packet will help your agency with all the requirements. Please call EMSTAR if you have any questions.
